## Bricks 4 Kidz® - Mommy/Daddy & Me

9:00 - 10:00 am Tuesdays January 22<sup>nd</sup> or

5:30 - 6:30 pm Thursdays January 24<sup>th</sup>

Six weeks \$106 Ages 18 months - 4 years

We will create a time of fun, learning and bonding between you and your toddler. Socialize with other parents & children in an educational, yet relaxed environment. Introduce your child to age-appropriate skills such as following simple directions, identification of colors, shapes, size, counting, fine motor, gross motor, phonics, sequencing, pattern skills and simple LEGO building. There will also be time for learning new songs, rhymes, games and creative free play, allowing for positive social interaction with other children. Practice essential preschool skills with a fun, new approach based on the time-tested popularity of LEGO® bricks! Introduce your preschoolers to the fun of learning, building and playing the Bricks 4 Kidz® way that their eyes light up as kids dig into a pile of brightly colored DUPLO® bricks to create fun, simple sculptures based on the ABC's. Kids gain a greater awareness of the world around them as they talk about topics like rain, gardens, keys and other everyday objects.

## Bricks 4 Kidz® Brick City Engineers

Thursdays 4:00 - 5:15 pm

January 24<sup>th</sup>

Six weeks \$106 Grades 1-5

We Learn, We Build, We Play with... LEGO® Bricks.

Let's build a CITY! There are many different types of engineering jobs, and building is one of the most fun! What would a city be without the architects and engineers who come up with the ideas, plans and building skills to make it all come together? Campers will put their engineering and architecture skills to work as they build city themed models using LEGO® Bricks. The sky's the limit when campers are challenged to use their own ideas and skills to build a skyscraper taller than their heads! They'll have a blast using custom-built cars to move the people of the city all around town - brick by brick!

What an accomplishment to be able to proudly exclaim "We built this BRICK City!"

Bricks 4 Kidz® is devoted to providing an extraordinary atmosphere for children, where we learn, we build, and we play with LEGO®

Bricks. Classes are designed to teach the fundamentals of S.T.E.M. (science, technology, engineering and mathematics) education, built around our proprietary model plans, inspired by engineers and architects. At Bricks 4 Kidz®, we believe that kids learn best through activities that engage their curiosity and creativity.
