

City of Berkley - Parks and Recreation

Safe on Campus

Statistically women are in the greatest danger twice in their life, when they are going to college and when they are senior citizens. The most common crimes against women are easy to avoid if you

know how to recognize the warning signs and you know what to do. Learn real world self-defense for every day people from an instructor who has been teaching self-defense in colleges since 2003. Simple skills that are easy to learn and remember, and that have a proven track record of saving lives. Don't let a lack of knowledge negatively change a life. Mom, dad, the safety of your college student is worth a 2-hour class. When it's your child, demand the best.
